Our Story

IMAGINE Homewares & Hampers is a product brand proudly developed by Greenacres Disability Services, a not-for-profit social enterprise.

In 1953, Greenacres was founded by parents of children with disability who could **IMAGINE the possibilities**. They opened a school in Wollongong to provide quality education, which evolved to include additional activities and employment opportunities. In 1986, Greenacres established employment rights for supported employees, leading the way to a fair and inclusive work environment. Today, Greenacres is a leading NDIS-registered disability service provider and registered charity that empowers people with disability to embrace their fullest potential, aligned with their individual aspirations.

We believe in fostering social inclusion through a variety of supports, from centre-based

day programs, work skills development and vocational education, leisure activities, short stay accommodation and volunteering in the community to our social enterprises, which employ just over 200 people with disability, including in mainstream employment settings such as cafés, retail and labour hire.

Our unwavering dedication is aimed at breaking down barriers, advocating for the rights of people with disability, and cultivating welcoming and inclusive communities where everyone feels a sense of belonging. For over 70 years, we have been committed to enabling people with disability to achieve their dreams and live their best life.

Your support makes a meaningful difference and contributes to a more inclusive society for everyone.
